

PERSONAL

# Member Investment Choice Form

## Section 4: Important Information

1. You can switch the way your existing account balance and future contributions are invested each month.
2. From 1 January 2009 your switch will become effective on the first day of the month following the date AustSafe Super receives your completed form or your online notification through MemberAccess.
3. You can switch investment options once each month. Your first switch per financial year is free. Any additional switches in that same financial year will cost \$20 per switch and will be deducted from your superannuation account at the time of the switch.
4. If you want to switch your investment options at some time in the future, you will need to complete another Member Investment Switch form. Copies of this form can be downloaded from [www.austsafe.com.au](http://www.austsafe.com.au). Alternatively you can submit your switch online, using our secure electronic facility, MemberAccess.
5. You should read the PDS for further information about investment options and seek independent financial advice if necessary. Money Solutions is available to assist you in this regard. For more information contact AustSafe Super on 1300 131 293.

## Section 5: Privacy

Please note that by sending AustSafe Super personal information about yourself, you are agreeing to the following:

1. That you have read the AustSafe Super Privacy Statement and understand how AustSafe Super intends to protect your personal details, particularly in relation to the collection, storage, quality, use and disclosure (sharing) of personal information.
2. That AustSafe Super can use your personal information for the purposes of operating your superannuation account.

If you have any questions about your rights under the privacy legislation, contact AustSafe Super on 1300 131 293.
